### TECHNICAL SKILLS

- ❖ Java Programming
- ❖ C++ programming
- ❖ Spring Boot
- ❖ Spring Microservices
- ❖ MySQL
- ❖ React JS
- ❖ JavaScript
- ❖ HTML
- ❖ CSS
- ❖ Docker
- ❖ Kubernetes
- ❖ GIT
- ❖ Tools: Postman , Jenkins

### EDUCATION

- ❖ *ENTC* | MIT Academy of engineering ,Alandi *CGPA: 8.1|(Third-year)*
- ❖ *XII (HSC)* | Shreekrishna Vidyapith ,Shendurni *87.17%| 2021*

### ACADEMIC PROJECTS

#### Banking System Application

(Apr 2023,June 2023)

- I developed a web application frontend using React.js, while managing data with Spring boot. Leveraged MySQL for database operations.
- Implemented features including user authentication, deposit, and credit services.

#### Student Portal

(Sep 2023, Jan 2024)

- Developed a web application using React.js and Spring Boot microservices, with MySQL for database management.
- Orchestrated multiple microservices to handle various Functionilites including user management and external service interaction.
- Also deploy On Kubernetes and In netlify.com host Aplication

#### College Predictor (Minor Project)

(Sep 2022, Apr 2023)

- Developed "College Predictor," an application to assist students in predicting colleges based on their entrance exam ranks.
- Utilized HTML and CSS for the frontend design, providing an intuitive user interface.
- Implemented backend functionality using Node.js to process student inputs and generate college predictions.

## **CERTIFICATION**

- ❖ **MICROSOFT Azure Fundamentals (AZ-900)**
- ❖ **Oracle Certified Foundation Associates**
- ❖ **Fundamentals of full stack development**
- ❖ **MATLAB Onramp**

## **LANGUAGES**

- ❖ **English**
- ❖ **Hindi**
- ❖ **Marathi**

## **HOBBIES**

- ❖ **Travelling**
- ❖ **Listening music**
- ❖ **Playing Cricket**
